## Hot on the Scent

February 2020

Hi everyone.

As we enter our third month of no rain it is hard to believe that Hunting is only 6 weeks away. The ground conditions are extremely dry and hard making it hard work for horses and hounds.

A huge thank you to all our members who contributed to making our annual Bonanza Trek a fantastic success. A special mention of thanks to Albert and Poodle our top team leaders. With numbers at capacity a great venue, great riding and great people made for a fabulous weekend.

Kumeu Show thank you to all those who have given their names to help at this important fund raiser Inga will be back and confirm the helpers list on Monday 9<sup>th</sup> March.

The Hunt Card will be at the printers very shortly we have decided not to hunt during Northland Hunt week giving all our members the opportunity to attend.

We have a few sparing working bees planned pre- Opening Hunt please help out where you can.

Happy Riding Val

### THE HOUNDS

The hounds are still working up okay but the heat and dry conditions and lack of natural water are making it difficult for them. Lets hope some rain is not too far away especially for the sake of our landowners who will be feeling the pinch. The jumps are still out at the country club and can be used by contacting me. I'm working my horses daily at the beach.

Do a rain dance

GO HARE
