Hot on the Scent

Hi Everyone,

I'm getting excited with the prospect that we are able to hunt again soon - I even clipped my horses today. I am pleased we are at level 2, so we can get out there and listen to the music of hounds once more. A big thank you to Val for sorting out a new card and being on the ball enough for us to be ready to go as soon as we legally can. There will be a few differences to think about such as whether you travel with others or travel on your own to meetings. If you feel sick at all or your breakfast doesn't taste right don't come out (loss of taste is one of the first signs of Covid infection apparently). No sharing of hip flasks or water bottles so make sure you have a water bottle tucked in your saddle blanket. And as always be as prepared as you can to avoid untoward events occurring - make sure your gear is in good order- this is no time for broken reins or stirrup leathers. Hand sanitizer will be available at the hunts to use before eating and we will keep a list of everyone who attends for tracking purposes which hopefully won't be needed. Any questions give Albert, Val or myself a call. Please check our 0832 99505 before each hunt.

Important information for Sunday - At 11.45 am gather at the wool shed for briefing, bring your own afternoon tea, coffee & tea will be provided, please follow the pre-hunt brief guidelines.

Any non-members who wish to attend must contact Val beforehand, 021 433 159 the cap is \$60 per hunt for adults and \$20 for children.

First time members cost is \$240.00

Look forward to seeing you all soon
